Dear Friends,

Tens of millions of people along India's eastern coast have been badly affected by the "extremely severe" Cyclone Fani, the worst in last 20 years. There is widespread destruction from heavy rains, powerful winds and storm surges as the category 4 cyclone moves north in the Bay of Bengal.

Indian Metrological Department's early warnings helped government authorities conduct a well-targeted evacuation plan and minimize the loss of life. A total destruction of thatched huts, major damages to roads and uprooting of power poles, etc. has resulted due to sustained winds of about 155 miles per hour when the cyclone made a landfall. Dozens have died and tens of thousands rendered homeless...

**This calamity has caused immeasurable misery and devastation to thousands of poor people who NEED YOUR IMMEDIATE HELP!**

**Please donate generously to IDRF, enabling us to facilitate relief/rehab to the victims.**

We join hands with NGOs with impeccable track record and ensure that your hard earned money goes in the right hands.

In order to combat this dire situation, IDRF has decided to send 100% of the donations received without keeping any administrative costs.

**Please Open YOUR Hearts  
to make a tax-deductible donation...**
