ORPHANAGE FOR DESTITUTE AND ABANDONED BOYS

IDRF provides financial support to run '*Brindavan*'-a safe and friendly home recognized by the Govt. of Tamil Nadu, for abandoned and orphaned boys in Chennai. These children are vulnerable to exploitation by criminals, human traffickers, and anti-social elements. The objective of this program is to provide good education to these destitute children in a safe and friendly learning environment and equip them with moral values and help them grow into good citizens.

Besides providing funds for meeting the education costs of the children, IDRF also helps provide free food, shelter, clothing, sporting, music, and art activities for the 12 boys residing here. Please open your heart and shower your love and support on these destitute children. Help them stand on their own feet and lead a life of dignity!
