

Heartbreaking situation in India! Your URGENT HELP needed

India is battling an unprecedented spike in coronavirus cases these days. Millions are struggling to make ends meet due to the lockdown and unable to provide food and basic essentials to their families. There is an acute shortage of oxygen and other essential medical supplies needed for the treatment of the coronavirus patients.

Please donate generously to IDRF today and provide relief to these helpless and needy people in India

\$1,500 will provide groceries to 100 families for 15 days

\$600 - \$700 will provide one hospital-grade Oxygen Concentrator Machine

Please donate as many as you can, as oxygen is in very short supply for patients battling with the virus

\$150 will help transport 1,000 people from remote areas to vaccination centers
Health Administration has asked our partner NGOs to help manage the vaccination centers and reach out to local communities in the fight against coronavirus

\$140 will provide masks & sanitizers to 1,000 people

Please don't hesitate as time is not on our side!

Make a tax-deductible donation NOW...
