$99 will ease the weight of water for women in drought-prone areas. Women in drought-prone areas can use durable containers on wheels with a capacity of 12 gallons. Water-Wheels will be provided to self-help groups in Kutch to be distributed to women who carry water every day.

Your donation will purchase 3 Water-Wheels that can be used by multiple women. IDRF has already provided 500+ Water-Wheels in Kutch, Gujarat, and saved hundreds of women and girls from the burden of carrying water every day.
