Become Our Partner in India’s Development

A nurturing residential school for tribal girls from one of India’s most impoverished regions

One of our many programs

India Development and Relief Fund

Making a Difference Where It Matters the Most …

A country where:
• more of the world’s poor live than in all sub-Saharan Africa combined.
• 1 in 3 of the world’s malnourished children reside.

Our Mission:
Enabling sustainable socio-economic development in India
We Make Every Dollar Count at IDRF

IDRF’s programs offer a unique opportunity for our donors to sustainably empower marginalized people.

- More than 15 high impact rural programs across India
- Provided ~$25 million in grants so far

**EDUCATION**

A school built in Uttar Pradesh for handful of kids is now a learning institution serving over 1,000 kids from 20 nearby villages.

**WOMEN’S EMPOWERMENT**

A model Women’s Self-Help Group program in Haryana has expanded from 10 to 65 villages. It is training women in business skills, gender equality and self-governance.

**HEALTHCARE**

A rural medical center in Andhra Pradesh is bringing good health practices and medical care to over 8,000 villagers.

**RURAL DEVELOPMENT**

An eco-friendly center in Maharashtra is training and serving ~2,000 farmers and female entrepreneurs while creating a market for organic products.

**OUR STRATEGY**

We raise funds to provide grants to select, vetted grassroots NGOs in India committed to serving the most disadvantaged people. Our multidimensional programs help meet people’s interlocking needs.

**OUR OPERATIONS**

IDRF maintains low overhead of ~5%. Prudent management of all resources and a core group of volunteers help us control our costs.

**How Much Good Can Your Dollars Do**

- $200: Operates a one-teacher school in a remote village for 1 year
- $600: Prevents blindness among 400 children in interior India
- $1,000: Establishes economic independence for 5 rural women through microcredit loans
- $3,500: Provides schooling and boarding for 1 tribal girl through her middle and high school years
